INDEX TO VOLUME 15, 1950

Journal of Speech and Hearing Disorders

Abstracts. Eugene T. McDonald, editor. 74, 176, 287, 363

American Speech and Hearing Association.
- Convention, 1949, Report of the 83
- Convention, 1950, Information 99
- Convention, 1950, Formal call for papers 7, 100
- Convention, 1950, Program 376
- Convention, 1950, Program outline 195
- Council meetings, April 1950, Report of 270
- Honors of the Association. 3
- Note to members. 8

Anderson, Bernard A. A photolaryngoscope. 341

Aphasia, A preliminary report of a diagnostic test for 21

Audiologists and speech pathologists, The use of clinical psychological screening techniques by 129

Bangs, J. L. and Freidinger, A. A case of hysterical dysphonia in an adult. 316

Bebout, Betty (See Fairbanks, Grant)

Binaural hearing aids: A review of some experiments. Ira J. Hirsh 114

Black, John W. The pressure component in the production of consonants. 207

Blomquist, Betty L. Diadochokinetic movements of nine-, ten-, and eleven-year-old children. 159

Bloodstein, Oliver.
- Hypothetical conditions under which stuttering is reduced or absent. 142
- A rating scale study of conditions under which stuttering is reduced or absent. 29

Book reviews. Ernest H. Henrikson, editor. 70, 169, 273, 360

Broca's original article on the location of the speech center, A translation of 16

Brown, Joe R. and Schuell, Hildred. A preliminary report of a diagnostic test for aphasia. 21

Buck, McKenzie. Speech therapy in a psychiatric hospital: A report of two cases. 307

Carhart, Raymond. Hearing aid selection by university clinics. 106

Case of hysterical dysphonia in an adult, A. J. L. Bangs and A. Freidinger 316

Cerebral palsied child, Letter to the parents of the 154

Cerebral palsy, A comprehensive evaluation of fifty cases of 234

Clancy, John N. and Morley, D. E. Summer speech and hearing programs. 9

Clinical psychological screening techniques, The use of, by audiologists and speech pathologists 129

Comprehensive evaluation of fifty cases of cerebral palsy, A. William G. Wolfe 234

Consonants, The pressure component in the production of 207

Cues for vowel discrimination. Harold S. Edmondson and Elinor Horwitz 202

Curry, E. Thayer. The efficiency of teacher referrals in a school hearing testing program. 211

Dempsey, M. E., Draegert, G. L., Siskind, R. P., and Steer, M. D. The Purdue pitch meter—A direct-reading fundamental frequency analyzer. 135

Diadochokinesis, The relationship of, to various speech sounds 54
Diadochokinetic movements of nine-, ten-, and eleven-year-old children. Betty L. Blomquist 159
Direct-reading fundamental frequency analyzer, A —The Purdue pitch meter 135
Draegert, G. L. (See Dempsey, M. E.)
Dysarthria, The etiology and differential diagnosis of 252
Dysphonia in an adult, A case of hysterical 316

Edmondson, Harold S. and Horwitz, Elinor. Cues for vowel discrimination. 202
Efficiency of teacher referrals in a school hearing testing program, The. E. Thayer Curry 211
Enquist, Lucille Engdahl and Wagner, Charlotte Fitton. Flannel chart technique for the rehabilitation of speech and hearing disorders. 338
Etiology and differential diagnosis of dysarthria, The. William G. Peacher 252
Exploratory study of some aspects of idiopathic language retardation, An. Samuel Goldenberg 221

Fairbanks, Grant and Bebout, Betty. A study of minor organic deviations in 'functional' disorders of articulation: 3. The tongue. 348
Fairbanks, Grant and Green, Evelyn. A study of minor organic deviations in 'functional' disorders of articulation: 2. Dimensions and relationships of the lips. 165
Fairbanks, Grant and Spriestersbach, D. C. A study of minor organic deviations in 'functional' disorders of articulation: 1. Rate of movement of oral structures. 60
Flannel chart technique for the rehabilitation of speech and hearing disorders. Lucille Engdahl Enquist and Charlotte Fitton Wagner 338
Freidinger, A. (See Bangs, J. L.)
Froeschels, Emil. A technique for stutterers—'ventriloquism.' 336
'Functional' disorders of articulation, A study of minor organic deviations in:
1. Rate of movement of oral structures 60
2. Dimensions and relationships of the lips 165
3. The tongue 348

Glorig, Aram. The relation of streptomycin and dihydrostreptomycin to hearing and the vestibular apparatus. 124
Goldenberg, Samuel. An exploratory study of some aspects of idiopathic language retardation. 221
Graduate theses in speech and hearing disorders—1949. Franklin H. Knower 353
Green, Evelyn (See Fairbanks, Grant)

Hearing aid selection by university clinics. Raymond Carhart 106
Hearing aids, Binaural: A review of some experiments. 114
Hearing and the vestibular apparatus, The relation of streptomycin and dihydrostreptomycin to 124
Hearing impairment, Some principles in the development of services for children with 101
Hearing testing program, The efficiency of teacher referrals in a school 211
Henrikson, Ernest H., editor. Book Reviews. 70, 169, 273, 360
Hirsh, Ira J. Binaural hearing aids: A review of some experiments. 114
Horwitz, Elinor (See Edmondson, Harold S.)
Huber, Mary. Letter to the parents of the cerebral palsied child. 154

Hypothetical conditions under which stuttering is reduced or absent. Oliver Bloodstein 142
Hysterical dysphonia in an adult, A case of 316

Idiopathic language retardation, An exploratory study of some aspects of 221
Index to Volume 15, *Journal of Speech and Hearing Disorders.* 381

Kann, Jules. A translation of Broca's original article on the location of the speech center. 16
Knower, Franklin H. Graduate theses in speech and hearing disorders—1949. 353

Learning, Stuttering behavior and: A preliminary theoretical formulation 324
Lesser, Arthur J. Some principles in the development of services for children with hearing impairment. 101
Letter to the editor. 266
Letter to the parents of the cerebral palsied child. Mary Huber 154
